## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-9, 14, 16, 17, 19-27, and 31-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The recitation of "the main steam inlet portion side" and "the main steam outlet portion side" in lines 4 and 7 of claims 1, 5, 7, 9, 21, 24, 27 and 31 lack antecedent basis. Additionally, the following recitations lack antecedent basis: "the interruption plate" in line 2 of claim 4; "the side of the main steam inlet" in line 3 of claim 6; "the rotational transfer region" in claims 14, 16 and 17; and "the interruption portion" in claims 19 and 20.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 9 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Clark et al (U.S. Patent No. 5,870,896). The patent to Clark et al discloses a steam

valve comprising a first valve device (12) and a second valve device (16), the steam valve including a strainer (28) including a closing portion (30), col. 3, lines 25-52.

Claims 10 and 28 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 58 137670. The '670 reference discloses a strainer provided in the valve casing, the strainer including a closing portion, see Figure 7. The steam valve includes a bulkhead (4), see Figure 1.

***Allowable Subject Matter***

Claim 11 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 2-8 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claims 14, 16, 17, 19-27 and 31-34 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 12, 12, 15, 18, 29 and 30 are allowed.
